

I listen to K-LOVE every day, I enjoy the good music and good feeling I receive from listening to this station. I look forward to Listening to K-LOVE each morning. This station reminds me of how a person can affect those in the your community in a positive way. The service provided by this this station is in the public interest because by listening you are reminded everyday how you can make the world a better place with each encounter with every person you meet. This station is truely one of the only media's I listen to where you receive postive feedback and here about good things happening in the world. Any time you listen to the news elsewhere, its usually about the bad things happening in the world -- its good to be reminded that there are several good things happening as well. I also like to be reminded that God is with us every moment and is there when you need him.
